## **The Pre-Flood Earth**

**Terry Mondy**

**Were Adam and Eve real people? If there was a global flood, what was the pre-flood earth like? What does the Bible have to say about the generations of man before the flood? Did people really live to be more than 900 years old? What do we know about the pre-flood people's culture and families? Is it possible that dinosaurs and man could have lived on the earth at the same time?**
