## The Myth of "Settled" Science

We're often told, "The science is settled and the time for debate is over. It's now time for action!"

Do we need to willingly comply with whatever marching orders we're given? Jay's talk conveys some very important principles about science, and powerfully helps Christians respond whenever we hear...

***"The science is settled!"***

***When:*** Saturday  
December 3, 2022

***Where:*** Family of Faith Church  
6645 West Steger Road  
Monee, IL
