

Midwest Creation Fellowship — South —

Creation and a Renewed Earth

John Dingess

Director of:

Midwest Creation Fellowship - West

John contrasts the renewed Earth with the creation and fall. Did God create light, or was it formed? Will the sun and moon last forever? What did cherubim look like? Do you wonder what the Earth will be like when God makes all things new? These and many more questions will be answered. Come take a walk through Scripture, as we contrast the creation and fall to the fulfillment of all things.

When: Saturday,
February 4, 2023

Where: Family of Faith Church
6645 West Steger Road
Monee, IL

What:

Doors Open	5:00 PM
Popcorn	5:30 PM
