How do Christians answer a skeptic's questions about God? Does evidence help convert an Atheist to Christianity? What proof do we need to present for the skeptic to worship the God of the Bible?

Join Eric Hovind to examine Christian beliefs from the skeptic's perspective. With practical, real-life examples, quotes from skeptics themselves, & Scripture, he'll show you the atheist's mind-set from a different viewpoint. Learn how to understand & approach the mind & the heart of the skeptic!
