

Midwest Creation Fellowship

P.O. Box 479, Gurnee, IL 60031 Phone: 847-223-4730

Library-by-Mail Catalog

Use of the Library is open to ALL Midwest Creation Fellowship members who live within the U.S. Postal system, including military addresses!

Shipping: Please OPEN THE PACKAGE FROM US CAREFULLY; then RE-USE the package to return the items. There's also a return label inside! Besides membership dues, your only additional cost is return postage at Library Rate, usually \$2.50 (to 1 lb.) and \$0.47/pound or part of a pound thereafter, as of January 22, 2017.) If the postal clerk states that the less expensive "Library Rate" does not apply to YOU, please refer him to the federal Domestic Mail Manual, §273.4.3 (as of May 17, 2017). You may also use Media Mail, it's just a bit more expensive. If the package even LOOKS like it may weigh over 13 oz., the Postal Service wants you to bring it to their counter, rather than putting in in a blue pick-up box. You may send it back by any means you choose, but U.S. Mail is probably the least cost.

You normally may have 2 items out at one time. Items should be returned within 2 weeks after you receive them. Please be considerate of others who may be waiting for those items! An overdue fine of \$1.00/item/week is due **starting 60 days after the due date**. The maximum is \$5.00 per item. (Boy, are we tough!)

Please do request up to 20 or more items at one time. Remember that if you're waiting for only a few items, those are often the items we're having difficulty getting back from others, and you may be in line with several other people for one title. So if you want to keep materials coming, have several "open" requests.

You may ask us to pick items for you, when there are no titles on the shelf that you specifically requested. We need to know interests and ages of your audience, and items that you have seen elsewhere and do not want repeated.

An order form is in the packet sent to new members, but if you need a form, get one from our website (http://midwestcreationfellowship.org/pdf/use_req.pdf). Or call us, or send an email to Info@MidwestCreationFellowship.org, or use a piece of paper and send it to the address above.

We can not guarantee when individual items will be available. However, IF YOU CALL US and request for a particular timeframe, we'll work with you to get your needs met!

Usage Restrictions: Some videos have restrictions on public showings, which are noted on the cassette and/or the box. These restrictions are fair. Please contact the responsible party to obtain permission to use them in church, or for fund-raising purposes, etc. Most are only restricted from being used for the production of income.

Copying: Some items can legally be copied, some can not. If you don't know, please ask the copyright holder.

There is a universe full of evidence for a world-wide Flood, for a "young" earth, and for a supernatural Creator! Feel free to share these materials with your friends!
