

## **MCF West Covid-19 Meeting Precautions**

Getting Covid-19 could be life threatening for some people. In times like these, there are differences of opinion and behavior, so achieving compliance with these guidelines may be difficult. Please, let's honor Jesus Christ and each other by considering our neighbors' health concerns, and in love, follow these guidelines to the best of our wisdom.

### **Kindly observe the following guidelines, please:**

#### **Individual attendees:**

- A. No one should attend who has tested positive for Covid-19 virus, unless they have subsequently tested negative.
- B. No one should attend who has a cough, fever, loss of taste or smell, or cold and flu-like symptoms, (sneezing, congestion, body aches, or gastrointestinal upset.) If feeling ill, please, stay home.
- C. The elderly 65 years or older, and any other persons with health risks should take care (Risk factors include diabetes; high blood pressure; heart, lung, or kidney problems; or taking medicines that reduce immunity.) Although COVID is less dangerous for younger people in good health, some risk remains for them, too. Please do not attend if you feel it to be too risky for yourself or family.
- D. It is suggested that you wash your hands thoroughly with soap and water before arrival, and after you leave.
- E. Out of respect for and to protect others, please wear a mask:
  - when walking in and out of the building
  - when leaving your seat to get your packaged food, etc.
- F. Social conversations before and after the meeting are best done outside as weather permits. Maintain at least six feet of separation from others with whom you did not come.
- G. Wear a face mask if you desire to take extra precautions.
- H. Follow the seating area spacing
- I. Please do not crowd the food area. Wash hands or use the hand sanitizer before handling food.
- J. Bring your own pen/pencil for personal use.
- K. ONLY 50 PEOPLE WILL BE PERMITTED IN THE MEETING! If we reach our limit, people must be turned away, so you might want to come early.**

#### **Other general precautions being taken:**

- A. MCF-West will be providing bottled water and pre-wrapped snacks this month. If you want to bring your own coffee in, go for it!
- B. Hand sanitizer will be available near the food area.
- C. Donations will be collected in a container at a check in table before the meeting. No donation plates or pouches will be passed around during the meeting.
- D. Seating area spacing: Chairs will be set up in a social distancing pattern. Individuals or groups must leave at least two empty chairs (about 6 feet) between themselves and others. For seating purposes, groups may be defined as families, or those who have arrived in one vehicle.

**Thank You!**
