Dr. Jerry Bergman has 9 earned degrees, and has taught biology, genetics, chemistry, biochemistry, anthropology, geology, and microbiology in colleges for over 25 years. He has published well over 800 works!

Documents why evolution was critical in the U.S. Supreme Court ruling of 1973 that a woman had a constitutional right to abortion. If the Court were to rule on this today they would likely decide differently.

Monday, August 5

Beautiful Savior Lutheran Church
1501 Deep Lake Rd.
Antioch, IL

6:00 p.m. - Doors open
6:45 p.m. - Refreshments
7:00 p.m. - Speaker
