How Large Tsunamis from CPT Generated the Flood Sediment Record

With Dr. John Baumgardner

How were the fossil-bearing sediments eroded, transported, and deposited on top of high-standing continents, in only months? This talk describes how repetitive giant tsunamis generated by catastrophic plate tectonics (CPT) during the Flood produced this astonishing sediment record.

Monday, October 11, 2021 6:00 pm - doors open
Beautiful Savior Luth. Church 6:45 pm - refreshments
1501 Deep Lake Road 7:00 pm - speaker
Antioch, IL 8:00 pm - Q&A

Tuesday, October 12 6:30 pm - doors open
DVC Ministry Center 6:45 pm - refreshments
25W560 Geneva Rd. 7:00 pm - speaker
Carol Stream, IL 8:00 pm - Q&A

Wednesday, October 13 6:00 pm - doors open
