

Midwest Creation Fellowship North

“The Great Evolution Mystery”

**Mr. Walt
Sivertsen**

Some scientific observations in biology, geology, astronomy and other disciplines are not explainable in the evolutionary worldview. They are considered mysteries to evolutionists but usually not to creationists. We will examine multiple examples in biology.

February 5, 2018

**St. Mark Education Center
1840 E. Grand Ave. Lindenhurst, IL**

No charge—donations accepted

6:00 pm - doors open

6:45 pm - coffee & light refreshments

7:00 pm - speaker

8:00 pm - Q&A
